

SERA COSS

WEB DEVELOPER

About Me

Web Developer with a background in client relations and problem-solving. Experienced in building customized web pages, tools and apps for small businesses. Leverage efficiency and creativity to design responsive apps from start to finish, including gathering requirements, developing, testing, debugging, and launching.

EXPERIENCE

HAIR STYLIST

Sera Does My Hair

2017 - Present

- Delivered customized haircuts, color, highlights, balayage, Brazilian blowouts, and updos, enhancing client satisfaction through personalized services.
- Managed appointment schedules and client communications, ensuring a seamless and enjoyable salon experience.
- Developed strong client relationships, enhancing repeat business and referrals through exceptional customer service.

VACATION SPECIALIST

Mammoth Mountain Resorts

2022 - 2024

- Curated unique vacation experiences for guests, handling phone reservations with meticulous attention to detail.
- Coordinated travel plans, accommodation, and activities, ensuring a seamless and enjoyable experience for clients.
- Developed itineraries tailored to guests' preferences and needs, showcasing strong organizational and planning skills.

BAKER/FOH

Various Bakeries

2013 - 2020

- Greeted and welcomed guests, served food and beverages, and upsold products to enhance customer experience and sales.
- Managed customer complaints and queries efficiently during peak times, maintaining high levels of customer service.
- Assisted in baking and preparing bakery items, ensuring quality and consistency in all products.
